

▶ 1" Over All Dual Pane Insulated Glass Unit.

- 1) 3mm Clear/ 3mm Clear
- 2) 3mm SB 60 / 3mm Clear
- 3) 3mm SB 60 / Argon / 3mm Clear
- 4) 3mm SB 60 / Argon / 3mm EAI89

▶ 1.375" Over All Triple Pane Insulated Glass Unit.

- 1) 3mm Clear/ 3mm Clear / 3mm Clear
- 2) 3mm Clear/ Argon / 3mm Clear / Argon / 3mm Clear
- 3) 3mm SB 60 / Argon / 3mm SB 60 / Argon / 3mm Clear

### *Solarban 60 Solar Control Glass*

With its ability to block 62 percent of total solar energy while allowing 70 percent of visible light to pass through, Vitro Architectural Glass's (formerly PPG glass) Solarban<sup>®</sup> 60 glass can help you achieve a building design that provides year-round comfort with heating and cooling cost savings.

### *Argon Filled IGU*

The performance of an IGU can be further enhanced by filling the space between the lites with a noble gas such as argon or krypton. These gases are denser than air and reduce the amount of heat transfer through the IGU.
